Exciting News about the Village Show - we have held our first planning meeting and have decided to go ahead with the 2021 show on Saturday September 11th. So keep the date free and let's have a fantastic show -- its actually our 10th show so we hope to make it one to remember! Look out for more details in the coming weeks about how you can get involved - you could become a show patron to support the event too. Our schedule will be available in July. Obviously we will be following all relevant government guidelines at the time.

Plants for Sale. Tomato Plants - a big thank you to everyone who bought tomato plants. After putting it on facebook I was inundated with orders and sold over £100 worth in 24 hours! I only have a few cucumber plants at the moment but in a couple of weeks time we will have more plants ready - squash, cucumbers, aubergine, peppers, chillis, courgettes, marrows, pumpkins and melons! Please just get in touch with us with any enquiries or orders. Although we have slightly increased the price this year to £1.20 - we have good quality plants, are still cheaper than local garden centres and it's a good way of raising funds for Church. Thanks very much.

particularly of local interest, please remember to consider the website.
